Dear Tina, Lindsey, and Kristy,

Thank you for your outstanding support of the Leukemia Research Foundation and for recognizing the importance of both funding groundbreaking medical research and empowering those affected by a leukemia diagnosis. The dedication, heart, and effort you and the entire C-Quarters team bring to this mission each year are truly remarkable.

The 2025 Kingfish ShootOut was another incredible achievement, raising \$146,300 including the generous contribution from CQM noted below.* This brings the event historical totals to nearly \$1.6 million in honor of Lisa and Jimmie.

The financial impact and visibility your tournament creates play a vital role in advancing the Foundation's mission. Your results speak volumes, reflecting the strength and commitment of your family, friends, sponsors, and participants.

As the nation's largest nonprofit exclusively dedicated to funding leukemia research, we focus on accelerating new treatments and, ultimately, a cure. Thanks to your efforts, we're also able to provide critical education and support services to patients and families facing this disease.

We are continually inspired by the stories of courage from those battling leukemia and equally by dedicated partners like you, who make that progress possible.

Congratulations once again, and thank you for all you do. Your generosity and leadership have touched more lives than you may ever realize.

Sincerely,

A handwritten signature in black ink that reads "K. Radelet".
